

PALMA DE MALLORCA

# PORTELLA

A HOUSE NEXT TO THE ARAB BATHS

Portella is a typical Palma house with Moorish and Venetian Renaissance influences, located in the historic center next to the Arab Baths. Built in the 17th century, it has been home to aristocrats, merchants, and artists, including painter Joaquín Torrents Lladó.

We work with the best craftsmen on the island to highlight the historical essence of the house, combining it with maximum comfort and discreet luxury, designed for those who appreciate authenticity.

Each piece of furniture, material, and fabric has been carefully hand-selected. Notably, we are collaborating with the Gordiola family; legendary glass craftsmen since 1719 and the oldest company in the Balearic Islands. With their help, we designed all the lighting in the house, creating unique pieces, hand-blown specifically for Portella.

Portella offers a peaceful escape in the midst of the city; home to 13 Apartments + Suites, an open café-kitchen, Rooftop, gym, hammam and treatment room. Available to individual stays or entire buyouts.

## LOCATION

CARRER DE LA PORTELLA, 9  
CP - 07001 PALMA DE MALLORCA  
ISLAS BALEARES, ESPAÑA

Located 15 minutes from the airport and at one of the former entrances to Palma's walled city, on Calle de la Portella—one of the city's most iconic streets, lined with historic mansions. Just steps from the Cathedral, the city walls, and the main shopping areas, and only a five-minute walk from the sea, it still retains the charm and tranquility of a historic neighborhood. Portella is a perfect escape or base for exploring other parts of the island.

## THE COURTYARD

The house is centred around a charming central courtyard—an inviting place to relax or enjoy a drink, surrounded by lush greenery and accompanied by the gentle murmur of the fountain. Intimate corners invite quiet reflection, while cosy spaces encourage gathering and conversation.

## CAFÉ PORTELLA

Portella's kitchen is open from breakfast until 17:00, serving seasonal Mediterranean dishes made with the finest local ingredients. Our Café is a relaxed space for breakfast, brunch, and lunch, complemented by a thoughtfully curated wine list.

For quieter moments, our well-stocked minibar and in-room kitchenettes make it easy to dine at your own pace, whether in your room or with an aperitif on the rooftop. Palma becomes your dining room, and we're always happy to share our favourite places to eat and drink across the city. Private chef services can also be arranged upon request.

## THE ROOFTOP

The private rooftop offers unique views over the neighborhood, the Arab Baths, the Cathedral, and the rooftops of the Old Town. Settle into one of our sun loungers, cool off under the fresh-water shower, or enjoy a cold drink, taking a moment of quiet from the city below.

## WELLNESS

Inspired by traditional Turkish steam baths, our hammam is entirely built in stone, located in the original home to the pottery oven. It reaches a temperature of 50°C with 100% humidity and features an integrated shower for temperature contrasts.

The gym is equipped with the latest Technogym equipment for both cardio and strength training. Additionally, it offers a spacious area for strength exercises, mobility, stretching, yoga, or pilates.

We offer a complete à la carte treatment and massage service, including sports massages, decontracting massages, reflexology, and techniques inspired by Arabic and Ayurvedic traditions.
