

VICEROY

OMBRIA ALGARVE

What makes Viceroy at Ombria different from typical Algarve event destinations?

Most Algarve events happen in large coastal resorts.

Not a crowded “big box;” instead this is an exclusive countryside resort village, located 30 minutes away from the beach coast;

Viceroy Ombria is more private, more contained, and more immersive.

It feels like a retreat, not a convention venue.

What type of events fit best here?

Leadership retreats, strategy sessions, automotive events, sport events, boutique incentives, mid sized buyouts.

Anything that benefits from focus, privacy, at a slower pace.

Less suited for high-volume congress-style events.

What elevates Viceroy at Ombria experience for corporate groups?

The layout. It's spread like a village, not stacked like a hotel.

That changes how people move, meet, and interact.

It feels more residential, less transactional.
