

Casa Bonay

Events

Casa Bonay is more than a hotel. It's a way of life that, over the years, has built a community sharing values around sustainability, social wellbeing and authenticity. The project was born in a neoclassical building from 1869 in the centre of Barcelona, creating a space that blurs the line between home and hotel.

We believe in the importance of stopping and sharing time, whether around a table or in the calm offered by Termas, an open-air social wellness club conceived for enjoying in company or unwinding after a long journey. Gastronomy runs through everything we do – not simply a service, but part of our DNA, from the products we craft to the local produce we choose.

We've grown by collaboration with local tradesmen – chefs, landscapers, industrial designers and artists – staying true to a local, honest and sustainable approach in every decision, from the suppliers we work with to the choice to preserve what already exists rather than replace it. We believe this way of doing things gives meaning to our everyday, and has allowed us to build an identity rooted in community and closeness that makes travellers and neighbours alike feel genuinely part of it.

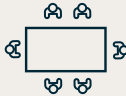

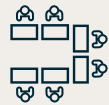

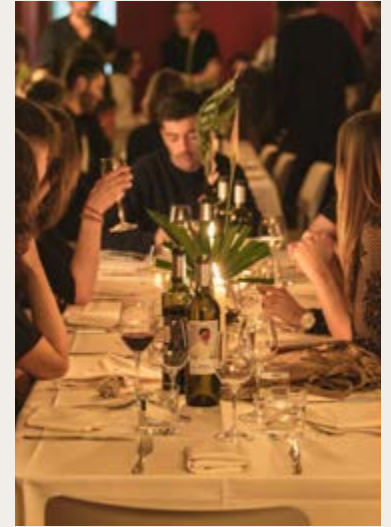

Spaces

General capacities & overview

You won't find a traditional meeting room at Casa Bonay – instead, a range of spaces accommodating up to 200 guests, designed for meaningful exchange. We believe food and drink are at the heart of every great gathering, which is why our menus are built around local, seasonal produce and the same honest philosophy that defines everything we do. From corporate meetings to private parties and weddings – whatever the occasion, Casa Bonay has a space for it.

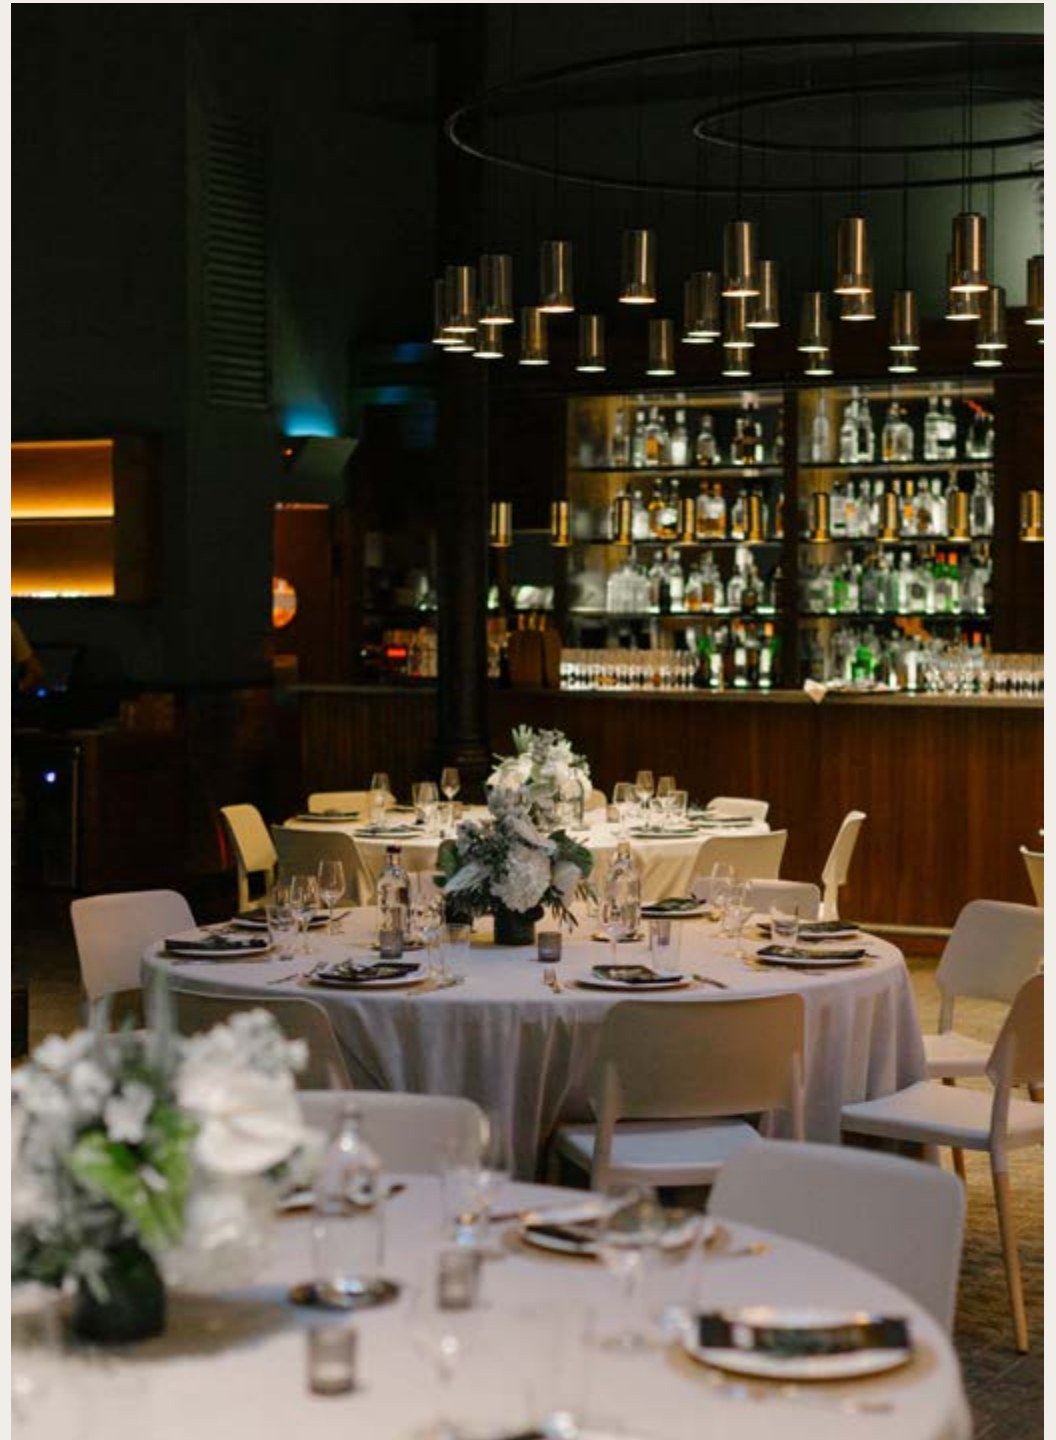

Weddings – Corporate Meetings – Production – Celebrations

[illegible]

Libertine

Up to 200 guests | Weddings – cocktail parties – presentations – meetings

At the heart of the hotel sits Libertine – a dynamic, versatile space perfect for banquets, receptions, and celebrations of all kinds, from weddings to corporate events. Fully equipped with a built-in screen and projector, DJ booth, and quality sound system, it's where most of the best nights at Casa Bonay begin.

Nica

Up to 200 guests | Meetings – Weddings – Cocktail Parties – Fitting Rooms

Split between a private bar and main room, Nica is a space that adapts. Bathed in natural light and generous in size, it's a favourite for daytime meetings – and equally at home hosting late-night parties, thanks to its late license and a reputation for some of the best sound in the city.

Chiringuito Rooftop

Up to 50 guests | Lunches – Cocktails – Weddings – Celebrations

Perched above the city, Chiringuito is an open-air rooftop space that comes alive with the aroma of the robata grill. With a seasonal, small plates menu inspired by the wider Mediterranean, it's an intimate setting ideal for celebrations, weddings, and corporate gatherings alike.

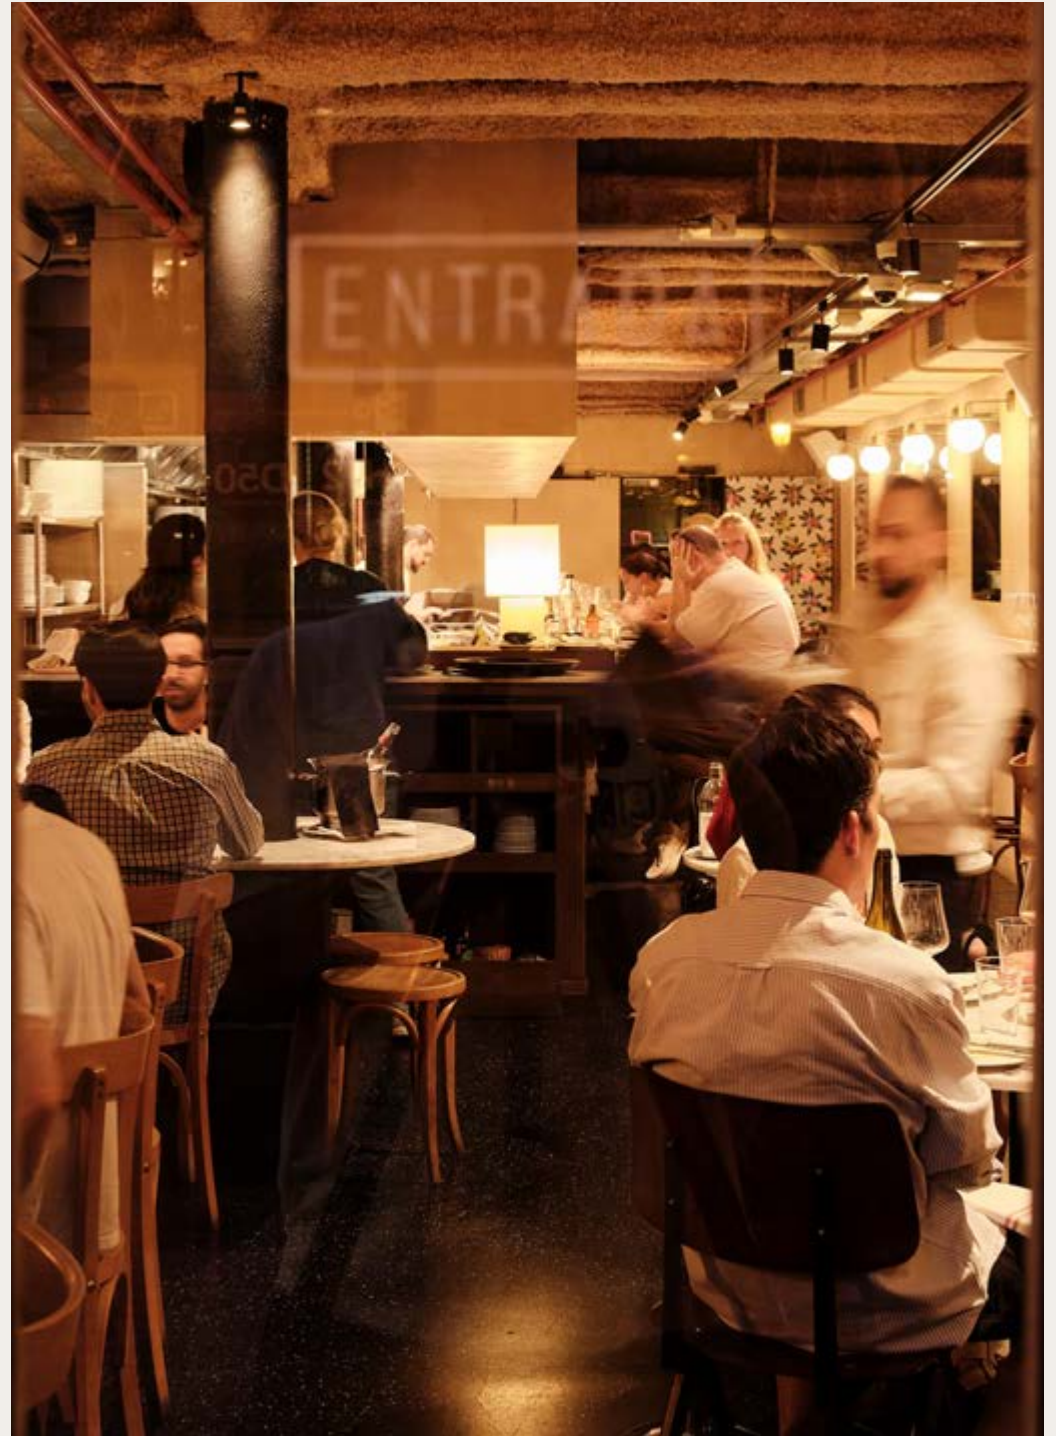

Bodega Bonay

Up to 50 guests | Cocktails – Corporate lunches – Intimate dinners

The best quality local produce and a commitment to biodynamic and sustainable methods are the key ingredients in a recipe for happiness at Bodega Bonay. Since opening in 2020, our in-house restaurant has proved a hit with visitors and locals alike, garnering a reputation for high quality pan-mediterranean sharing plates, created with passion and imagination, not to mention an extensive wine list. Ideal for cocktails or intimate dinners.

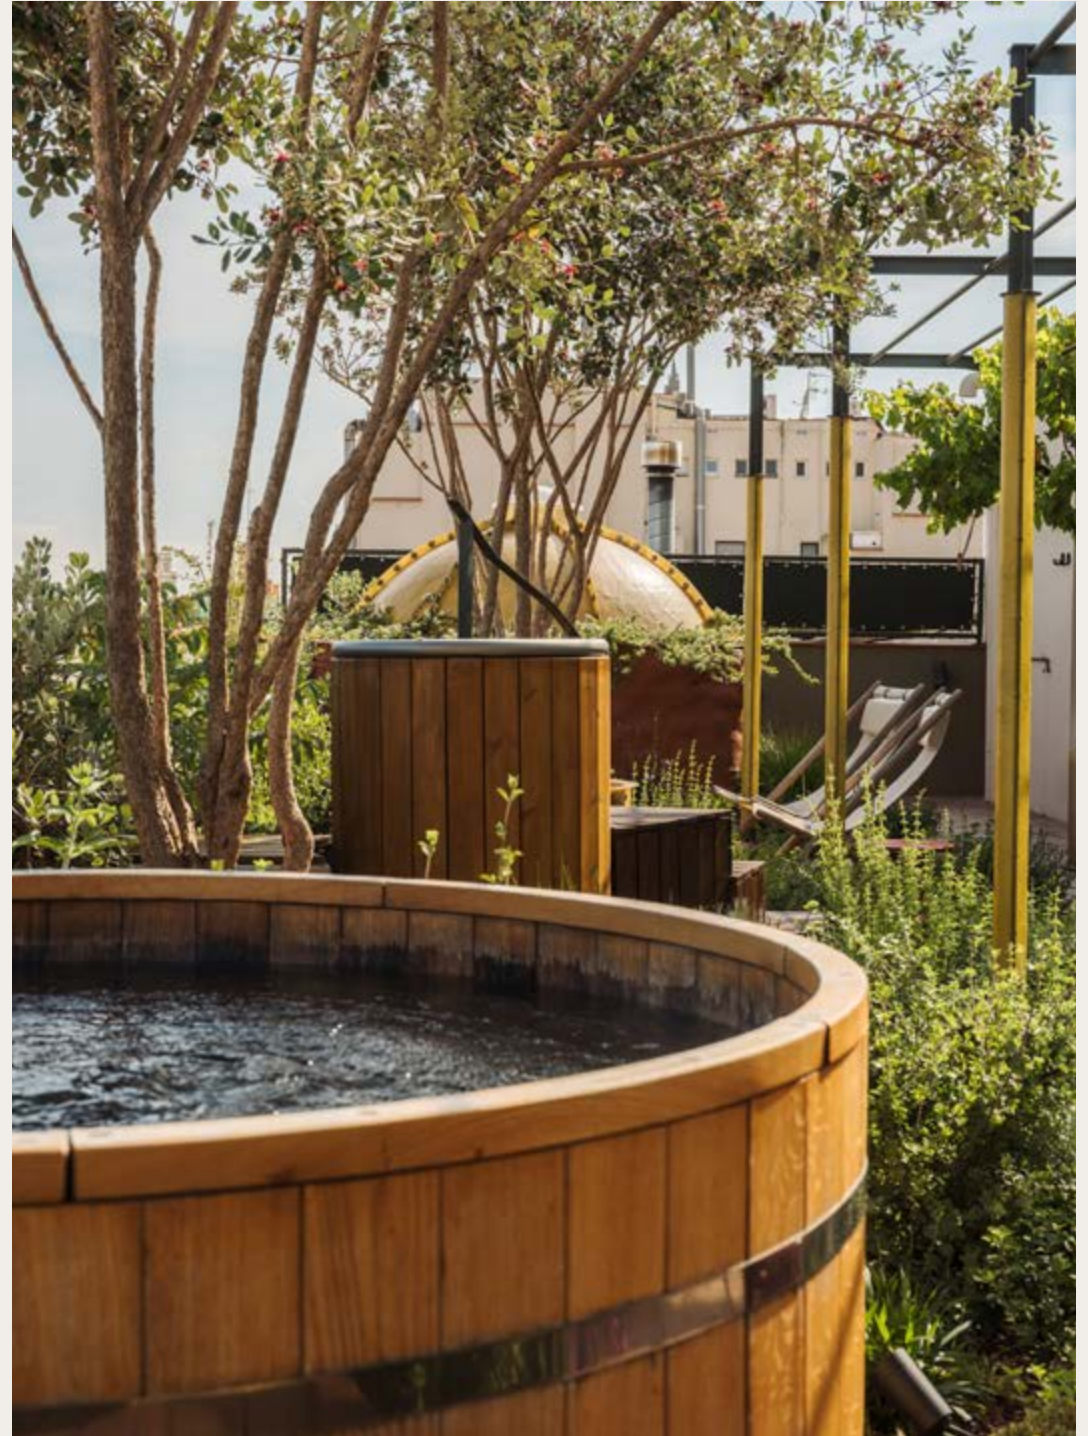

Buyouts

Buyouts

We're well accustomed to welcoming hotel buyouts to include our 65 rooms. Whilst is not obligatory, you can also buyout our event spaces. Suitable for corporate retreats or wedding groups.

Accommodation

We restored this beautiful 1869 house, conserving its original hydraulic flooring “Nolla”, its ceilings, and its sliding doors, and we added a few touches of our own: we installed our favourite lamps from Santa & Cole, we filled the minibars according to our favourite cravings and, along with Marc from AOO, we designed the furniture – all to create the hotel we would love to enjoy ourselves. We hope you do too.

Rooms by type
